# consigli di posa

## laying advice

### POSA IN OPERA

Una corretta esecuzione delle operazioni di posa è indispensabile per assicurare un perfetto risultato finale.

La posa deve essere effettuata da personale qualificato su una superficie perfettamente piana (massetto) e può essere indifferentemente effettuata con collanti o con malta cementizia. Nella scelta dell'adesivo più indicato e per le modalità di applicazione, si consiglia di attenersi alle istruzioni della ditta produttrice del collante stesso.

Al fine di evitare fessurazioni e sollevamenti è necessario prevedere la corretta progettazione ed esecuzione dei giunti, influenzando in maniera decisiva sulla qualità e sulla durata dei materiali posati.

Durante le operazioni di posa, si consiglia di adottare una fuga di almeno 3 mm per i materiali in gres porcellanato smaltato non rettificato e di almeno 7 mm per i materiali in monocottura in pasta rossa. Per la posa di materiali rettificati è comunque sempre consigliabile mantenere una fuga minima di 2 mm. Per quanto riguarda i materiali di formati rettangolari lunghi e stretti in particolare i formati 15x60 cm, 15x90 cm, 20x120 cm, etc. è consigliabile posare il materiale a correre con intervallo da 6 a 15 cm come da schema sotto riportato.

Una direzione specifica di piastrellatura non è raccomandata ma l'installatore deve verificare possibili differenze di tono e colore sul prodotto prima del posizionamento. Si raccomanda una accurata protezione del pavimento posato e qualora sia necessario eseguire altre lavorazioni in cantiere si consiglia, terminata la posa, di coprire il pavimento al fine di proteggerlo.

### LAYING

A correct execution of the laying operations is essential to ensure a perfect final result.

The installation must be carried out by qualified personnel on a perfectly flat surface and can be indifferently carried out with adhesives or fresh mortar. The selection of the most suitable adhesive and of the methods of application is advisable according to the adhesive manufacturer's instructions.

It is necessary to provide the correct design and execution of the joints in order to avoid cracks and lifting and to influence the quality and durability of the laid materials. During laying operations, it is advisable to use a joint of at least 3 mm for materials in unrectified glazed porcelain stoneware and at least 7 mm for red body single-firing tiles. For laying rectified materials it is always advisable to keep a joint of at least 2mm. As for the materials of long and narrow rectangular formats as 15x60 cm, 15x90 cm, 20x120 cm formats, etc. it is advisable to lay the material to run with an interval of 6 to 15 cm as shown in the diagram below.

A specific direction of tiling is not recommended but the installer must verify possible differences in tone and color of the product before laid.

A careful protection of the floor is recommended and if it is necessary to carry out other works on the construction site it is advisable to cover it.

### POSE

Une exécution correcte des opérations de pose est essentielle pour assurer un résultat final parfait.

L'installation doit être effectuée par un personnel qualifié, sur une surface parfaitement plane et peut être réalisée indifféremment avec des colles ou d'adhésifs à base de ciment. Dans le choix de l'adhésif le plus approprié et pour le modalité d'application, il est conseillé de suivre les instructions du fabricant de l'adhésif lui-même.

Afin d'éviter fissures et le soulèvement des produits, il est nécessaire une étude et une pose correcte des joints, influençant décisivement la qualité et la durabilité des matériaux posés.

Lors de la pose, il est conseillé d'utiliser un joint d'au moins 3 mm pour les matériaux en grès cérame émaillé non rectifié et de au moins 7 mm pour les matériaux en corps rouge monocuisson. Pour la pose de matériaux rectifiés, il est toujours conseillé une joint de au moins 2 mm. Pour les matériaux de formats rectangulaires longs et étroits, en particulier les formats 15x60 cm, 15x90 cm, 20x120 cm, etc. il est conseillé de poser le matériel avec un décalage de 6 à 15 cm comme indiqué sur le schéma ci-dessous.

Une orientation spécifique du carrelage n'est pas recommandée, mais l'installateur doit vérifier les éventuelles différences de ton et de couleur sur le produit avant de le poser. Une protection soignée du revêtement est recommandée et s'il est nécessaire d'effectuer d'autres travaux sur le chantier, il est conseillé, après la pose, de protéger le sol.

# consigli di pulizia e manutenzione

## cleaning and maintenance advice

### **PULIZIA DOPO LA POSA DEI PAVIMENTI IN GRES PORCELLANATO.**

A posa ultimata, il posatore deve operare una pulizia accurata per la rimozione della patina e dei residui di malta, colla e stuccatura rimasti sul pavimento. Questa pulizia è di fondamentale importanza per ottenere un effetto estetico elevato oltre che a garantire una maggior resistenza alle macchie. Lavare il pavimento con la sola acqua non è assolutamente sufficiente, come pure è sconsigliabile l'uso di sostanze troppo aggressive. Tale pulizia deve essere eseguita con attenzione ed a regola d'arte con prodotti disincrostanti tali che ogni residuo di malta, colla o stucco venga eliminato.

### **MANUTENZIONE ORDINARIA DEI PAVIMENTI IN GRES PORCELLANATO.**

Dopo la pulizia post posa il pavimento è così pronto all'uso ed a questo punto la sola cosa da fare, con il passare del tempo, è quella di effettuare periodicamente una semplice manutenzione ordinaria. Per la pulizia ordinaria dei pavimenti in Gres porcellanato si possono usare i normali detergenti per prodotti idonei secondo le modalità. Non occorrono operazioni particolari se non l'uso di acqua e detergenti neutri. Nel caso di pavimenti in Gres Porcellanato Levigato e Lappato, è consigliabile inoltre, dopo il lavaggio, stendere in modo uniforme un comune prodotto impermeabilizzante. Nel caso di macchie persistenti o difficili da eliminare, si possono utilizzare detergenti più aggressivi (eccetto prodotti che contengono acido fluoridrico), diluendoli in funzione della tipologia di sporco.

### **CLEANING PROCEDURE OF GRES PORCELAIN TILES AFTER ITS INSTALLATION.**

When the laying of the tiles is over the tile fixer has got to clean the tiles surface properly in order to take all the rests of the adhesive and of the joints filling away. This cleaning procedure is very important in order to obtain a very nice looking surface and to avoid tiles from getting dirty. It prevents them from possible future stains, too. Washing the floor just with pure water is not enough. Using very aggressive detergents is not suggested, either. The cleaning has got to be made with proper products and in the right way that these products must be used.

### **EVERY DAY CLEANING OF GRES PORCELAIN TILES AND ITS MAINTENANCE**

Once the cleaning after installation is over, the floor is ready and it must be cleaned, daily or weekly, according to the needs. Products for routine cleaning, available in all supermarkets normal, can be used second the mode. No extra-ordinary cleaning products are required. Only normal neutral products and simple water can be used. In case of products in the finish "LEVIGATO" or "LAPPATO" it is recommended, after the general cleaning after installation, to protect and impregnate the floor with a special liquid or a professional wax that protects the surface from stains and from the absorption of them. In case stains should appear, more aggressive products can be used ( provided they do not contain hydro-fluoric acid ), mixing them with water according to the difficulty to take the stains away.

### **NETTOYAGE APRÈS LA POSE DES CARREAUX EN GRÈS CÉRAME.**

Après avoir terminé l'installation des carreaux le carreleur doit nettoyer bien le sol afin de quitter la couche des résidus de la colle et les déchets du stuc des joints qui ont resté sur la surface du sol. Ce nettoyage est très important afin d'obtenir un résultat esthétique très élevé et il garantit une grande résistance aux taches. Laver le sol avec de l'eau n'est pas suffisant. L'emploi des substances agressives c'est déconseillé. Tel nettoyage doit-être réalisé d'une manière propre avec des produits qui puissent quitter la couche des résidus de la pose aussi que le déchets de la colle ou du stuc des joints.

### **NETTOYAGE ORDINAIRE DES CARREAUX EN GRÈS CÉRAME.**

Après le nettoyage du sol ensuite à l'installation des carreaux, le sol c'est prêt pour l'utilisation et à ce point la seule chose à faire c'est de réaliser des nettoyages ordinaires périodiques. Pour le nettoyage ordinaire il faut utiliser des produits normaux en suivant les méthodes de nettoyage conseillés par le fabricant des produits pour le nettoyage. Il ne faut pas faire rien d'extraordinaire, il faut utiliser seulement de l'eau et des produits neutres habituels. Dans le cas de carreaux en grès cérame poli ou lappato, après le nettoyage ensuite à l'installation des carreaux c'est conseillé de protéger la surface du sol avec un produit imperméabilisant. Si des taches persistent il faut utiliser des produits plus agressifs par rapport au type des taches en suivant les méthodes d'utilisation, exception faite pour les produits qui contiennent de l'acide hydro-fluorique.

# condizioni generali di vendita

## 1. Normativa contrattuale

Le presenti condizioni generali, salvo eventuali modificazioni o deroghe concordate per iscritto, disciplinano tutti i contratti di vendita fra noi e l'acquirente, quindi tanto il contratto concluso con l'accettazione dell'ordine che qualsiasi contratto futuro relativo alle forniture dei prodotti della nostra società ordinati con successive e distinte commissioni. Le variazioni delle condizioni generali di vendita, le transazioni e gli abbuoni, anche se effettuati su iniziativa dei nostri Agenti, saranno impegnative per noi solo dopo nostra eventuale conferma scritta e comunque limitate ai contratti cui si riferiscono.

## 2. Oggetto della fornitura

La fornitura comprende solamente le prestazioni, i materiali ed i quantitativi specificati nella nostra conferma d'ordine o in altre comunicazioni scritte provenienti da noi. Il testo della nostra conferma d'ordine prevarrà in ogni caso sul testo difforme della eventuale offerta o della ordinazione. L'esecuzione parziale dell'ordine senza preventiva conferma non significa nostra approvazione per l'intero ordine, bensì approvazione parziale relativamente alla merce consegnata. In questo caso la ricezione della merce equivarrà ad accettazione da parte dell'acquirente della nuova proposta contrattuale.

## 3. Conferma d'ordine

Qualora nella nostra conferma d'ordine esistano differenze nei singoli elementi che la compongono rispetto alle intese od alle ordinazioni, il compratore che non abbia contestato con lettera raccomandata spedita entro dieci giorni dalla ricezione della conferma tali differenze, è tenuto ad accettarla così come è stata redatta.

## 4. Consegne

La merce, anche se venduta "franco arrivo", o franco domicilio del compratore, viaggia a rischio e pericolo di quest'ultimo ed ogni nostra responsabilità cessa con la consegna al vettore, nei confronti del quale il compratore - effettuate le opportune verifiche - dovrà sporgere eventuali reclami. Le spedizioni, via mare o via terra, concernenti forniture sull'estero, vengono effettuate in base alle condizioni scelte di volta in volta, riportate negli INCOTERMS approvati dalla Camera di Commercio Internazionale nel 1953 e nei successivi.

## 5. Termini di Consegna

Il termine stabilito per la consegna della merce deve intendersi a favore di entrambi i contraenti. Salvo l'inserimento di particolari clausole, esso deve di norma considerarsi

puramente indicativo e non essenziale. Quando siano intervenute modificazioni al contratto, il termine resta prorogato per un periodo uguale a quello inizialmente stabilito. La Fenice srl Via Statale 467, n°7 42013 Casalgrande (RE). Ogni evento di forza maggiore sospende la decorrenza del termine per tutta la sua durata. Se in conseguenza di eventi di forza maggiore il contratto non potrà trovare esecuzione entro i 60 giorni successivi al termine convenuto, ognuna delle due parti avrà la facoltà di recedere dal contratto stesso. In tal caso la dichiarazione di recesso dovrà essere spedita alla controparte, a mezzo lettera raccomandata o ricevuta di ritorno entro i dieci giorni successivi allo scadere dei predetti 60 giorni, restando esclusi reciproci diritti a indennizzi od a risarcimenti.

## 6. Pagamenti

Il luogo di pagamento è fissato presso la nostra Sede Amministrativa in Casalgrande (RE), anche nel caso di emissione di tratte o ricevute bancarie, ovvero di rilascio di effetti cambiari: eventuale deroga a quanto sopra sarà valida soltanto se da noi concessa in forma scritta.

Il ritardo del pagamento, anche parziale, delle nostre fatture oltre la pattuita scadenza darà luogo alla immediata decorrenza degli interessi di mora, calcolati al tasso ufficiale di riferimento aumentato di 7 punti. Inoltre il mancato o ritardato pagamento delle fatture - per qualsivoglia ragione - ci darà diritto, impregiudicata ogni altra iniziativa, di pretendere il pagamento anticipato delle restanti forniture, oppure di ritenere temporaneamente sospeso o definitivamente risolto il contratto e di annullare l'evasione di eventuali altri ordini in corso, senza che il compratore possa avanzare pretese di compensi, indennizzi od altro.

## 7. Solve et Repete

Nessuna eccezione, salvo quelle di nullità, annullabilità e rescissione del contratto, può essere opposta dall'acquirente, al fine di ritardare od evitare il pagamento.

## 8. Riserva di proprietà

Nel caso in cui il pagamento, per accordi contrattuali, debba essere effettuato - in tutto o in parte - dopo la consegna, i prodotti consegnati restano di nostra proprietà fino all'integrale pagamento del prezzo.

## 9. Garanzia

I nostri materiali sono garantiti conformi alle Norme UNI-DINEN attualmente in vigore. Eventuali reclami e contestazioni dovranno essere notificati, a pena di decadenza, a mezzo lettera raccomandata, unicamente presso la nostra Sede Amministrativa in Casalgrande (RE), prima della posa in opera del materiale

e comunque nei termini di legge. La posa in opera del materiale determina la decadenza della azione per vizi tanto palesi che occulti, importando rinuncia implicita alla garanzia di cui all'art. 1490 c.c.. Le differenze di tonalità non possono essere denunciate come vizio del materiale. In ogni caso la nostra garanzia comprende unicamente la sostituzione del materiale riscontrato difettoso con esclusione di ogni ulteriore e diversa obbligazione. Eventuali contestazioni sul materiale non daranno diritto all'Acquirente di sospendere o ritardare in tutto o in parte il pagamento nei termini pattuiti, ai sensi del precedente articolo 7.

## 10. Clausola arbitrale

Ad eccezione delle controversie inerenti il pagamento del prezzo ed alle relative azioni esercitate in via monitoria e nel giudizio ordinario, che rimangono di competenza dell'autorità giurisdizionale italiana, qualunque altra controversia che dovesse insorgere relativamente alla conclusione e/o esecuzione e/o risoluzione e/o interpretazione del presente contratto sarà devoluta ad un Collegio di tre arbitri, nominati uno da ciascuna delle parti e uno di comune accordo o in caso di disaccordo dal Presidente della C.C.I.A.A. di Reggio Emilia a richiesta della parte più diligente. La parte che intende avviare l'arbitrato deve comunicarlo all'altra con lettera raccomandata contenente la nomina del proprio arbitro e la sua accettazione. L'altra parte dovrà nominare il proprio arbitro nel termine di quindici giorni dalla data di ricezione della raccomandata, comunicando tale nomina e la relativa accettazione entro il termine indicato. In difetto l'altra parte potrà richiedere la nomina del secondo arbitro al Presidente della C.C.I.A.A. di Reggio Emilia. Gli arbitri decideranno secondo diritto e nel rispetto del principio del contraddittorio. Il lodo dovrà essere deliberato nel termine di 90 giorni decorrenti dalla data di accettazione dell'ultimo arbitro. L'arbitrato avrà sede a Reggio Emilia.

## 11. Effettività di ciascuna condizione

Le condizioni generali di vendita sopra riportate non devono assolutamente intendersi come clausole di puro stile. Esse sono effettive e rappresentano fedelmente la volontà negoziale delle parti.

**Il tono delle immagini dei prodotti a catalogo è puramente indicativo.**

**L'azienda si riserva la facoltà di modificare gli imballi/pesi dei prodotti a sua discrezione.**

**NB. per fatture di importo inferiore a euro 1.000,00 (iva inclusa) sarà emessa R.B. a 60 gg.**

# general sales conditions

## 1. Contractual regulations

These general sales conditions, save any modifications or variations agreed upon in writing, govern all sales contracts between us and the purchaser, thus including the contract concluded with the acceptance of the order as well as any future contract related to the supply of our company's products ordered with subsequent and distinct commissions. Any variations on the general sales conditions, the transactions and allowances, even if made on the initiative of our Agent, will be binding for us only upon our written confirmation and in any case limited to the contracts to which they refer.

## 2. Subject of the supply

The supply includes only the services, materials, and quantities specified in our acknowledgment of order or in other written communication sent by us. Should there be any differences in the offer or order, our acknowledgment of order is to be considered the only valid document. Partial processing of the order without our previous acknowledgment does not mean that we have approved the complete order, but rather partial acknowledgment relative to the goods delivered. In this case, reception of the goods shall be equivalent to acceptance on the part of the purchaser of the new contractual provisions.

## 3. Acknowledgment of order

Should there be any differences in the single items in our acknowledgment of order with respect to the agreements or orders, the buyer who has not made a claim by registered letter sent within ten days of receiving the acknowledgment shall be obliged to accept the acknowledgment as it is.

## 4. Delivery

The goods, even if sent freight paid or free delivered to the buyer's premises, travel at the risk and responsibility of the buyer; all our responsibility ceases upon delivery of goods to the carrier. After the buyer has inspected the goods, any claims should be made to the carrier. Shipments by sea or by land regarding supplies abroad are made on the basis of the conditions chosen for each specific case as specified in the "INCOTERMS" approved by the International Chamber of Commerce in 1953 and subsequent.

## 5. Terms of delivery

The delivery date established must be mutually acceptable to both parties. Unless specific

clauses are introduced, this date is to be considered purely indicative and not binding. In the event that the contract is modified, the delivery date is extended for a period equal to that initially agreed upon. Should any even caused by force majeure occur, the terms of delivery are suspended for the entire duration of said event. If, as a result of events of force majeure, the contract cannot be executed within 60 days of the date agreed upon, both parties shall be entitled to withdraw from the contract. In such case, the declaration of withdrawal must be sent to the counterpart by registered letter with return receipt within 10 days of the expiry of the aforementioned 60 days, and any indemnity or compensation is excluded.

## 6. Payment

Payment is to be remitted to our registered office in Casalgrande (RE), even if bills of exchange or bank drafts are issued; any variations to the aforementioned shall be valid only if approved by us in writing. Delayed payment, event if only partial, of our invoices beyond the stipulated due date, shall entitle us to the immediate charge of interest on arrears in the order of the official rate increased by seven points. Non-payment or delayed payment of our invoices – for any reason whatsoever – gives us the indisputable right to demand advance payment for the remaining supply, without prejudice of any other action, or to consider the contract suspended or annulled, and to annul the practice of any other contracts that may be in force, without giving the buyer the right to any type of refund or compensation for damages, or other.

## 7. Solve et repete

No exception, save that of nullity, possibility of annulment, or rescission of the contract, can be posed by the purchaser with the purpose of delaying or avoiding payment.

## 8. Retention of title

In the event that payment, by contractual agreement, is to be remitted - in whole or in part - after delivery of the goods, the products delivered remain our property until complete payment of the total amount due is made.

## 9. Guarantee

Our products are guaranteed to be in compliance with the UNI-DINEN standards in force. Any claims must be made, on pain of forfeiture, by registered letter sent to our registered offices

in Casalgrande (RE), before the materials are laid and in any case according to the terms of the law. Once the material is laid, any claim for defects either obvious or hidden is no longer valid, and the guarantee is to be considered explicitly invalidated according to art. 1490 of Italian Civil Code. Any differences in color shades cannot be considered as material defects. In any case, our guarantee only includes the replacement of material found to be defective with the exclusion of any further or different obligation. Claims made on material do not give the purchaser the right to suspend or delay, in whole or in part, the payment within the stipulated terms, according to article 7.

## 10. Arbitration clause

Except for disputes from payment and from the relative monetary actions or ordinary legal proceedings which remain the competence of the Italian legal authorities, any other dispute arising from the conclusion and/or execution and/or resolution and/or interpretation of this contract will be referred to a Board of Arbitrators, with one arbitrator nominated by each party and the third by common consent, or in the event of disagreement, by the President of the C.C.I.A.A. (Chamber of Commerce) of Reggio Emilia (Italy) upon request of the most diligent party. The party that intends to begin arbitration proceedings must notify the other party by registered letter containing the name of its chosen arbitrator and his acceptance. The other party must nominate its own arbitrator within fifteen days of date on which the registered letter is received, and the relative acceptance within the term indicated. In default, the first party shall be entitled to request the nomination of the second arbitrator by the President of the C.C.I.A.A. (Chamber of Commerce) of Reggio Emilia (Italy). The arbitrators shall decide according to the law and respecting the principle of cross examination. The award must be decided upon within 90 (ninety) days from the date of acceptance of the last arbitrator. The arbitration site shall be Reggio Emilia (Italy).

## 11. Validity of each condition

The aforementioned general sales conditions are not to be considered in any way clauses of form. These conditions are effective to all intents and purposes and faithfully represent the contractual will of the parties.

**Shade of products if purely indicative.  
The company reserves the right to change the packaging of products at its discretion.**

# conditions générales de vente

## 1. Règles contractuelles

Sauf modifications ou dérogations éventuelles stipulées par écrit, les présentes conditions générales régissent tous les contrats de vente entre nous et l'acquéreur, autrement dit tant le contrat conclu lors de l'acceptation de la commande que tout contrat futur relatif à la fourniture de produits de notre société demandés à l'occasion de commandes successives et distinctes. Les modifications des conditions générales de vente, les transactions et les réductions, y compris celles effectuées à l'initiative de nos agents, n'auront valeur d'obligation pour nous qu'une fois notre éventuelle confirmation écrite envoyée, et quoi qu'il en soit dans les limites des contrats auxquels elles se réfèrent.

## 2. Objet de la fourniture

La fourniture se réfère uniquement aux prestations, quantités et matériaux spécifiés dans notre confirmation de commande ou dans d'autres communications écrites émises par nos soins. Le contenu de ladite confirmation de commande prévaudra dans tous les cas sur celui présent dans l'offre éventuelle ou la commande. L'exécution partielle de la commande sans confirmation préalable ne vaut pas approbation pour l'ensemble de la commande, mais seulement approbation partielle concernant les marchandises livrées. Dans ce cas, la réception des marchandises vaudra acceptation par l'acquéreur de la nouvelle offre contractuelle.

## 3. Confirmation de commande

Au cas où des éléments de notre confirmation de commande divergeraient par rapport aux accords ou aux commandes effectuées, l'acquéreur qui n'aura pas formulé de réclamation à ce sujet par lettre recommandée expédiée dans les dix jours suivant réception de la confirmation sera tenu de l'accepter telle qu'elle a été rédigée.

## 4. Livraisons

Les marchandises, y compris lorsqu'elles sont vendues « franco destination » ou franco domicile de l'acquéreur, voyagent à ses risques et périls. Toutes nos responsabilités cessent dès la remise des marchandises au transporteur, l'acquéreur – après réalisation des vérifications opportunes – devant formuler ses éventuelles réclamations auprès de ce dernier. Les expéditions par voie maritime ou terrestre concernant des fournitures à l'étranger sont effectuées selon les conditions choisies au cas par cas et reportées dans les INCOTERMS approuvés par la Chambre de commerce internationale en 1953 et modifications successives.

## 5. Délais de livraison

Les délais définis pour la livraison des marchandises s'appliquent aux deux contractants. À moins que des clauses spécifiques ne soient

introduites, ils sont généralement considérés comme étant purement indicatifs et non essentiels. En cas de modification du contrat, les délais sont prorogés pour une période équivalente à celle établie initialement. La Fenice srl Via Statale 467, n°7 42013 Casalgrande (RE), Italie. En cas de survenance d'un événement de force majeure, la livraison est suspendue pendant tout le temps que dure ledit événement. Dans une telle éventualité, si le contrat ne peut être exécuté dans les 60 jours suivant le délai stipulé, chacune des deux parties aura toute liberté de résilier le contrat. Dans ce cas, la déclaration de résiliation devra être expédiée à l'autre partie par lettre recommandée AR dans les dix jours suivant l'échéance du délai précité de 60 jours, tous droits réciproques d'indemnisation ou de remboursement étant par ailleurs exclus.

## 6. Paiements

L'adresse de paiement est celle de notre siège administratif de Casalgrande (RE), en Italie, même en cas d'émission de traites ou de LCR, ou de délivrance de billets à ordre : les exceptions aux indications ci-dessus ne seront valables qu'après confirmation écrite de notre part. Tout retard de paiement, y compris partiel, de nos factures, par rapport à l'échéance convenue, donnera lieu à l'application immédiate d'intérêts de retard calculés au taux officiel de référence majoré de 7 points. Par ailleurs, le non-paiement ou le retard de paiement des factures, quelle qu'en soit la raison, nous donnera le droit, sans préjudice d'autres actions éventuelles, de prétendre au paiement anticipé des fournitures restantes, ou de considérer le contrat comme suspendu temporairement ou résolu définitivement et d'annuler le traitement d'autres commandes éventuelles en cours, sans possibilité pour l'acheteur de prétendre à des compensations, indemnités ou autre.

## 7. Solve et repete

L'acquéreur ne peut se prévaloir d'aucune exception, sauf celles de nullité, d'annulation et de rupture du contrat, pour retarder ou éviter le paiement.

## 8. Réserve de propriété

Si, du fait d'accords contractuels, tout ou partie du paiement doit être effectué après la livraison, les produits livrés restent notre propriété jusqu'au paiement intégral du prix.

## 9. Garantie

Nos matériaux sont garantis conformes aux normes UNI-DIN EN en vigueur actuellement. Les réclamations et contestations éventuelles devront être formulées, sous peine d'invalité, par lettre recommandée envoyée exclusivement à notre siège administratif de Casalgrande (RE), préalablement à la pose des matériaux et dans le respect des dispositions légales. La pose

des matériaux entraîne la nullité de toute action pour vices apparents et cachés, valant renoncement implicite à la garantie visée à l'art. 1490 C.C. Les différences de ton ne peuvent entraîner de réclamation pour défaut de matériaux. Dans tous les cas, notre garantie se réfère exclusivement au remplacement des matériaux jugés défectueux, à l'exclusion de toute autre obligation. Les éventuelles réclamations sur les matériaux ne donneront pas le droit à l'acquéreur de suspendre ou de retarder tout ou partie du paiement conformément aux conditions stipulées, aux termes de l'article 7 précédent.

## 10. Clause d'arbitrage

Exception faite des litiges inhérents au paiement du prix et aux actions correspondantes exercées à titre d'avertissement et dans le jugement ordinaire, qui restent de la compétence de l'autorité juridictionnelle italienne, tout autre litige en lien avec la conclusion et/ou l'exécution et/ou la résolution et/ou l'interprétation du présent contrat sera soumis à un collège d'arbitrage composé de trois membres, chaque partie en nommant un et le dernier étant nommé d'un commun accord ou, dans l'éventualité d'un désaccord, par le Président de la C.C.I.A.A. de Reggio Emilia à la demande de la partie la plus diligente. La partie sollicitant un arbitrage doit en informer l'autre par une lettre recommandée indiquant l'arbitre nommé et l'acceptation de sa nomination par celui-ci. L'autre partie devra nommer un arbitre dans un délai de quinze jours à compter de la date de réception de la lettre recommandée, en communiquant cette nomination et son acceptation dans le délai indiqué. À défaut, l'autre partie pourra demander au Président de la C.C.I.A.A. de Reggio Emilia de procéder à la nomination du deuxième arbitre. Les arbitres décideront conformément au droit et dans le respect du principe du contradictoire. La sentence devra être émise dans un délai de 90 jours à compter de la date d'acceptation par le dernier arbitre. L'arbitrage aura lieu à Reggio Emilia.

## 11. Effectivité de chaque condition

Les conditions générales de vente indiquées ci-dessus ne doivent en aucune façon être considérées comme des clauses de style. Elles sont effectives et représentent fidèlement la volonté commerciale des parties.

**Le ton des images des produits en catalogue est purement indicatif.**

**L'entreprise se réserve le droit de modifier à sa discrétion les emballages/poids des produits.**

**N.B. : Pour les factures d'un montant inférieur à 1000,00 euros (TVA incluse), il sera émis une LCR à 60 jours.**
